Store Soileos Iron in a cool, dry place, shielded from sunlight, snow, and moisture.

APPLICATION	BULK DENSITY	SGN	SALT INDEX
5-15 lbs/acre*	42 lb/ft ³	325	22

Available in bulk or 2000 lb tote

Iron Supports

- Chlorophyll formation
- Energy production
- Nitrogen fixation
- Disease resistance

“Flowability was spot on.”

— Mike Heinrich, Davidson, SK

“Easy to use product”

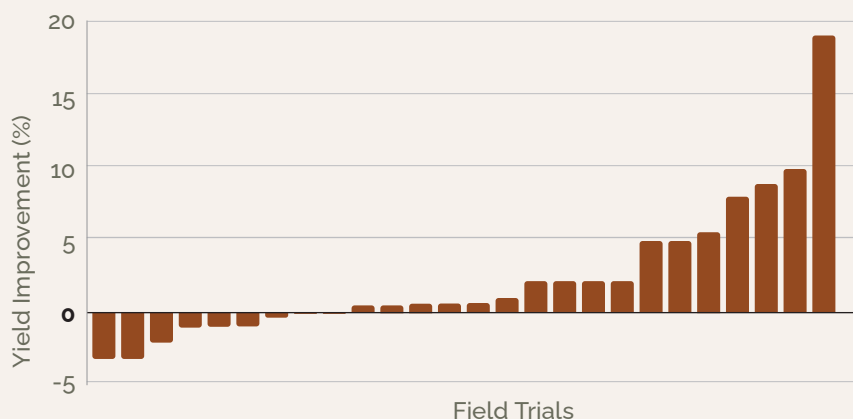

— Mike Heinrich, Davidson, SK

Real Results

Win Rate of Over 70% From Field Trials

By promoting healthier plant growth and improving soil quality, Soileos can help farmers increase their crop yields and maximize their profits.

YIELD IMPROVEMENT FROM SOILEOS IRON

*Adjust recommended application rate to meet soil and or tissue needs as advised by a certified professional.

A Product You Can Handle

Easy to Use

Soileos is a blendable, seed safe, granular fertilizer that can be placed in-furrow, banded or broadcast to support diverse crops and cropping systems.

Nutrient Solution

Soileos delivers crop nutrition aligned to root and crop development, preventing leaching and losses.

Microbial Mineralization

Soileos releases nutrients to the crop by microbial mineralization, aligning nutrient delivery to crop needs.

“Soileos is a great fit. Loaded, calibrated and away we went. We did both side by side and variable rate trials and had positive results on both. Soileos is an environmentally sound product that works.”

— Mike Heinrich, Davidson, SK

Watch the video

“The product is nice to work with, flows well and meters out at an accurate rate.”

— Ryan T., Marquette, MB

Soileos is the Superior Choice

Incorporating Soileos micronutrients into your fertility program has the potential to enhance crop nutrition and increase crop yields while building healthier soils.
